

PROPOSALS FOR THE PARKING ENFORCEMENT IN THE EDENHAM WAY ESTATE

PROPOSAL ONE
Enforce all of the car park outside block 51 to 80

PROPOSAL THREE

Enforce the whole estate (including the bays outside the houses, if the relevant housholder agrees to enforcement outside their property).

Only the housholder would be able to park in front of their property with a lockable bollard.

Enforcement would mean that if anyone other than another another resident permit holder parked in front of the property they then could be ticketed or towed.

If a householder wished to have enforcement then they would need to pay for the parking space outside their property.
